

A pixelated, grayscale image of the mathematical expression $(2 + 1)^2 = 9$. The characters are rendered in a blocky, digital font. The expression is arranged in two lines: the top line contains $(2 + 1)^2$ and the bottom line contains $= 9$. The numbers 2, 1, and 9 are slightly larger than the other symbols. The plus sign and the exponent 2 are also clearly visible. The overall style is reminiscent of early computer graphics or digital art.
